ELIXIR Meeting, 4-5 November 2013

Lightning Talk

Paces, Svozil

Czech Republic
1. What are the training needs and what are you doing to address these needs?

- Popularization at High schools
- Training at the University level
  - Accredited B.Sc. and M.Sc. programs as a joint project among two Universities and two institutions of Academy of Sciences
  - what is the best bioinformatics program?

- Training at the Ph.D. level

- Problem oriented courses
- Central European register of bioinformatics courses and study programs
2. What can you offer at a Pan-European level that is sustainable?

• As CZ is the only middle-europe member of the Elixir, we started to build international teaching program for that region
• Access to our study program and/or courses
• Popularization of the bioinformatics
3. What is your vision for a Pan-European, over-arching training strategy?

- Flexible exchange of the students on short term basis (without bureaucracy)
- Training on site – association of each training node with special nodes with short intensive course on the topics
